WORK EXPERIENCE

GOVERNMENT CRAFT DEVELOPMENT CENTRE, POLAKU, YENAGOA (2021 - 2022)

Practical Instructor, Electrical Department: I worked as the practical instructor in this department during my one year national assignment, where I extensively carried out theoretical and practical sessions on the rudiments of electrical networks, and its application in wiring and installations, with the concerned students.

DIRECTORATE OF ICT, FEDERAL UNIVERSITY OF AGRICULTURE, MAKURDI (SEPTEMBER 2017 - MARCH 2018)

Industrial Trainee: user support services, fixing of networking gadgets at needed points and engagement in routine maintenance of hardwares. I also worked with Zinox Technologies Limited on a smart classroom project in the University and its annex. I participated in piping, running and crimping of cables for the installation of network cameras, telepresence, IP phones, wireless access points, cisco network switches, smart projectors, desktop computers, etc. at strategic offices within the campus and its annex. I was actively involved in the regular maintenance and setting up of these devices for teleconference among principal staffs of the

school after the project was completed and handed over to the school by Zinox Technologies Limited.
